# Week 4 - AI: The Answers!

**How did your answers compare to the prompts used to really generate these images? Wat details were missing?**

Text Prompt: A old road passing through lavender fields on either sides, morning light, golden hour

Text Prompt: Visualize the northern lights dancing over a snow-covered landscape. This scene could include a frozen lake, pine trees weighed down with snow, and the vibrant colors of the aurora in the night sky.

Text Prompt: the most calming image anyone could ever imagine being flooded by a giant wave of colourful oozing goo that represents my imagination

Text Prompt: a galaxy inside of a marble, fantasy

# Week 4 - AI: Even More Answers!

Text Prompt: Photograph of a cute, stuffed lion toy in the front a toy store. Soft, plush. Bright, colorful toys fill the shelves in the background. Film. Cinematic.

Text Prompt: A human figure sculpture made of microscopic coloured melted marbles, photorealistic, highly detailed

Text Prompt: A neon wing flaming, eagle

Text Prompt: Make a creative, colourful logo background with sunflower and hearts and waves
